

REMARKS

On March 3, 2006, Examiner issues a final rejection wherein claims 7, 8, 10, 21 and 23-25 are allowed and claims 1 and 5 stand rejected. The Drawings, in particular Figures 8A, 9A, 10A, were objected to and required correction to the application to be allowed.

In response the final rejection, for which this paper is being submitted, claims 1 and 5 are now cancelled and drawing sheets 4, 5 and 6 (attached hereto), which contain figures 8A, 9A and 10A, are now being replaced.

The application is now believed to be in proper for allowance. The examiner is urged to contact the undersigned should there be any other matters that must be considered before allowance of the application.
